IMPORTANT NOTICE

Dear Applicant:

Many renewal applications are rejected because they are incomplete or do not include the required supporting documents regarding the Continuing Education Unit (CEU) summary sheet and copies of the earned workshop certificates.

An incomplete renewal application can needlessly delay you from receiving your license in a timely manner, resulting in the application being rejected, voided or potentially returned for correction.

An application received after June 30, 2015 will be considered late and the applicant is then required to pass the examination per NAC534.282 or petition and receive from the Division of Water Resources a waiver of this requirement.

Before you submit your application for renewal, please spend a few extra minutes by:

- * Carefully reading the application package/form(s) prior to filling out.
- * Making sure the application, CEU summary sheet and child support form is properly signed.
- * Including the \$50.00 application filing fee for the renewal of your license.
- * Filling out all information, do not leave blank spaces.
- * Attaching all required supporting documentation.

This office wishes to provide courteous, timely service to all renewal applicants and will process complete applications first. Incomplete renewal applications will be returned to you.
